# SECU FACE

Customer Statistical Analysis Solution

www.wkit.co.kr

WOOKYOUNG
INFORMATION TECHNOLOGY

Secuface is a **"real-time customer analysis solution based on face analysis"** that can record the customer's gender, age, emotion, staying time, floating population, and number of potential customers by applying the face analysis algorithm developed by WooKyoung's proprietary technology.

### * Customer statistics

By collecting customer statistics such as gender, age and emotion, Provides data per time, day of the week, and monthly visitor statistics.

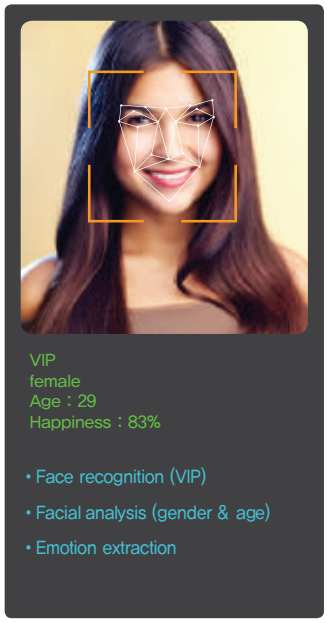
### * VIP Recognition

Available to link the VIP and preferred customers information to not only single store, also plural stores when needed.

### * Dash Board

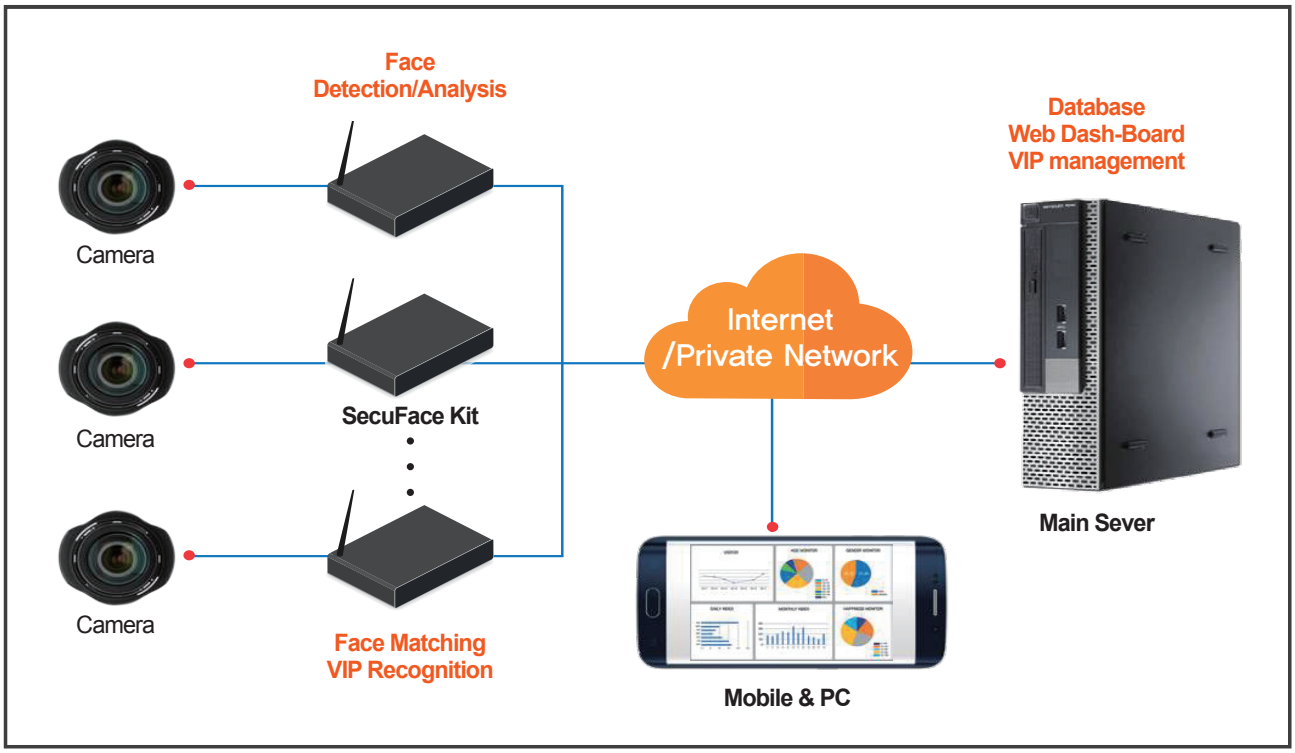
Offer a user-friendly platform that supports customization so that mobile and PC users can review their needs in real time from customer statistics.

## Face Analysis



## Statistics Dash-Board

# How it Works



# Accuracy
