

The 6th Filtration Conference

"Filtration in Petrochemical Industries"

Conference Topics

(Filtration Systems in Petrochemical Industries)

- Optimization and Enhancement
- Economic Analysis and Evaluation
- Assessment of Challenges and Issues
- Inspection and Quality Control in Product Design
- Management of Environmental Pollutants and Waste
- Simulation, Data Analysis, and the Role of Artificial Intelligence

22 April
23 2025

Location: Isfahan Science and Technology Town (ISTT)
