

Steel Solution Professional Company

CEO Message

Chairman
Jin, Dug-Soo

“Daehong Kostech Co., Ltd. with pride of confidence stronger than steel”

I would like to express my sincere gratitude to our customers for your unwavering support and patronage that has made what Daehong is today. Daehong has sustained steady growth and development with solid management and advanced technology and has been recognized both at home and abroad. We are going to continue to exert our best effort in producing quality products based on our technical leadership and to further build up customer confidence while meeting increasingly sophisticated customer needs and requirements with uncompromising quality and technology. All of our Daehong family members including myself are committed to achieving excellence of our products and services without being complacent with what we are today and continue to put customer satisfaction above everything else. Thank you.

C.E.O
Kim, Ki-Hwan

“Daehong Kostech Co., Ltd. Steel & Metal Solution Provider”

Daehong Kostech Co., Ltd. aims to provide customers with optimal solutions for a comprehensive range of steel & metal issues, including procurement, quality and technical matters and to contribute to enhancing our customer's competitiveness to ensure co-growth and co-prosperity. To this end, our employees are constantly engaging in learning of and researching into purchasing competitiveness, logistics system, production technology, and material characteristics. Daehong Kostech Co., Ltd. is taking a leap into a global hidden champion as a steel & metal solution provider based on our customer confidence and patronage. We are going to continue to serve our customer from their viewpoint and perspective.

Social welfare activities

Dugsoo Welfare Foundation

Daehong's commitment and efforts to fulfill its corporate social responsibility and services are in full swing as the Dugsoo Welfare Foundation.

Daehong, which has been working to increase employment through strong corporate management, started a facility for the severely disabled in Daesa, Dalsan-gun, Daegu.

By directly participating in welfare projects, leading not only the reduction of corporate profits but also the development of welfare society.

(Smile / Love / Happiness Village)
